# To all Consignors, Buyers, and Guests to the 1968 Winter Show

The Rapid City Chamber of Commerce extends a warm welcome to you for this 10th Anniversary of the Black Hills Winter Show. We extend a special thanks also for your continuing support and to those who have served so well as breed representatives whose cooperation and guidance give this show its heart.

We have learned much in these first ten years, and we have much more to learn. However, we can now confidently assure you that, with your assistance, the Rapid City Chamber of Commerce and its entire membership, through its Winter Show Committee will continue to produce a greater and more superior Winter Show each year. The Winter Show is an important part of our long range goal of providing the best possible agricultural and livestock marketing facilities in this area.

Sincerely,

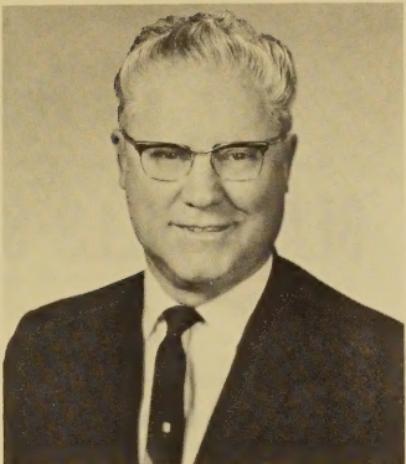

A handwritten signature in black ink that reads "Robert L. Dilly". The signature is fluid and cursive, with "Robert" and "L." being more formal and "Dilly" being more fluid.

These two events are indications of further interest by Rapid City business community in improving livestock quality in this area.

## **Terms and Conditions**

The Black Hills Winter Show, sponsored by the Rapid City Chamber of Commerce, solely in the interest of improving quality and increasing livestock members in the upper-mid-west area, takes pride in presenting this offering of **QUALITY PUREBRED LIVESTOCK**.

Through the cooperation of the respective breed associations, every effort has been made to produce only such consignments that are a credit to their association.

The terms and conditions under which this sale will be conducted are as follows:

1. The Black Hills Stock Show is open to all exhibitors. There will be no restrictions based on place of residence of consignors or buyers.
2. Grading of all animals will be made by the judge for each individual breed at the time of the show. Animals will be graded A, B, and C. Animals classified as C will not be sold; the entry fee will be forfeited; the animals must be removed from the sale barn immediately following the Show (judging).
3. No bid-ins allowed at the sale. **ALL ANIMALS MUST BE OWNED BY CONSIGNOR SIX MONTHS PRIOR TO ENTRY DATE.**
4. Any changes from information of any kind in the catalog will be announced from the auction box and such announcements shall take precedence.
5. Each consignor accepts the responsibility of guarantee of his own cattle and has the privilege of giving additional guarantee of his cattle at the time of their sale in the auction ring. The Black Hills Winter Show acts only as agent for the several consignors in this sale and does not assume any responsibility of the animals future usefulness. If an adjustment needs to be made, it must be made between the purchaser and the consignor.
6. Each animal will be sold without reservation to the highest bidder.
7. Buyers will assume all risk on animals as soon as they are declared sold.
8. The auctioneer will settle all disputes as to bids.
9. All animals of breeding age are guaranteed breeders. All entered animals are guaranteed to be without known defects, but nothing further. Animals failing to breed after a trial of six months may be returned to the farm of the seller if in good condition. The seller reserves the right for six months to try said animal and if it proves a breeder to return it to the station of the buyer at his expense. If said animal proves sterile, a satisfactory exchange will be made or purchase price refunded.
10. Terms of every sale are cash. Settlement to be made with sale clerk, at the time of the sale unless special arrangements are made with the clerk.
11. All cattle will be sold in order that they are placed in the show. Placement will be made by Sales Superintendents.
12. No animal will be permitted to remain on the ground unless it is entered in the show.
13. All guarantees pertaining to Bred Heifers are strictly between the buyer and seller.
14. **ALL ANIMALS GOING THROUGH THE RING FOR SALE AND UPON WHICH A BID IS MADE MUST BE PAID FOR THROUGH THE BLACK HILLS STOCK SHOW. CERTIFICATES OF REGISTRY WILL NOT BE RELEASED UNTIL SUCH TIME AS THIS IS DONE. NO DEVIATIONS WILL BE PERMITTED.**
15. The Black Hills Stock Show reserves to the Manager and the Committee the final and absolute right to interpret these rules and regulations and arbitrarily settle and determine all matters, questions or differences in regard thereto, or otherwise arising out of, or connected with, or incident to, the show.
16. Every precaution will be exercised for the safety and welfare of those attending the sale. However, the Black Hills Stock Show, the management or anyone helping the sale assumes no responsibility for accident or injury. The Black Hills Stock Show management and personnel will not be held responsible for any injury or loss of any animals or accidents thereby, although every precaution will be taken to safeguard the welfare of all livestock consigned.

## **Health Requirements**

1. Each animal must be negative to a Brucellosis and Tuberculosis test within 20 days.
2. Females under 30 months of age which were officially calfhood vaccinated for Brucellosis need not be Brucellosis tested, if date of vaccination is recorded on health certificate. A copy of the vaccination record must be attached to the health certificate.
3. Each animal must be accompanied by one copy of individual approved health certificate, a copy of Brucellosis and Tuberculosis test record and vaccination record, if applicable. The health certificate should be completed as required for export and endorsed by State Veterinarian and Federal Veterinarian in charge of state of origin.

## Facts About Rapid City

Rapid City, situated at the foothills of the Black Hills, was founded by John Brennan, Samuel Scott and a small party of men in February, 1876. Six months later more than 100 persons had established homes in the new city.

However, resentful Indians staged a series of raids which culminated in several killings. When an empty freight train passed through Rapid City it was soon loaded with those passengers who did not wish to face further Indian attacks. The train pulled away from Rapid City leaving only 19 men and one woman to face the terrors of the future.

Today Rapid City has grown to a city with an estimated population of 47,634 people. With the population of the Ellsworth Air Force Base and others living near the city, we perhaps have a metropolitan population of more than fifty-five thousand people.

## You Have A Choice of Checking Accounts

At our bank you have a choice of checking accounts. Regular checking accounts are on an analysis basis. You pay only for the service rendered and if your balance is sufficient to carry the activity of the account, it may cost you nothing.

With a special checking account you purchase a book of twenty-five checks for \$2.50. You use your checks as you need them, and there are no further charges.

Checking account customers may deposit to their account at any of the offices in Rapid City. Our checks bear no branch office designations, one American National Bank check may be used no matter where the customer chooses to deposit.

A checking account is the business-like way to handle your financial affairs. Paying bills by check is convenient, time-saving, and your cancelled checks provide legal receipts.

We cordially invite your checking account.

## A Choice Of Savings Accounts

For savings you also have a choice. You will receive liberal interest when you invest your money in a Savings Certificate. These certificates draw Four and one-half per cent interest, and include a special feature in that they are automatically renewable for so long as you wish. The interest is sent to you by check.

For convenience you cannot beat a regular Savings Account, where you may deposit any amount as often as you wish. When you want your money it is immediately available. Regular Savings Accounts earn Three per cent interest compounded quarterly.

## Loans

Making loans is an important part of the business at a good bank. At our banks we make all kinds of loans, small loans, big loans and many in between. We make loans to the business man, the rancher, the salaried man or woman and many others for useful purposes and better living.

Our real estate mortgage department has made more real estate loans than any other bank in South Dakota. The lending officers in this department are specialists in FHA and VA home mortgage loans as well as conventional loans.

We also have a installment loan department where we finance purchases of all kinds, including automobiles and home appliances. We specialize in personal loans and modernization loans. Payments are conveniently arranged over a period of months at bank rates.

When you need money, there is no better place to borrow than at a bank.

## Safe Deposit Boxes

The largest safe deposit box department is located at our main office with 3,183 boxes. We also have safe deposit boxes at our North East office, the Western office, Sturgis office and Hot Springs office. We have large boxes, small boxes and boxes in between.

At all our offices, we provide booths where you may examine your papers in private.

## Money Orders

You will like our type of money orders. There is no application to fill out. Just step up to any teller and give her the amount of the order. The teller will give you the order with amount stamped in with the perforating machine. Then you fill in the date, the name of the payee, and sign your name. And the cost is so low, only 15¢ per money order — much less than the usual cost of other money orders.

# American National Bank

## Main Office

The American National Bank is conveniently located right down town in the heart of the business district. Thousands of customers—your neighbors and friends—bank here. It is the busiest bank in town.

The American National is a good bank to do business with. The directors and officers are all local men, intensely interested in giving you the best in bank service.

The bank opened for business April 11, 1934 and since has grown consistently with deposits greater each year than the preceding one. Today deposits exceed Fifty-Four Million Dollars, making ours one of the large banks in South Dakota.

The American National has more checking accounts in one place of business than any other bank in the state. From published figures of bank debits, by the Federal Reserve Bank, the American National handles approximately fifty-five per cent of the check volume in Rapid City. The Bank has grown because it has served many people of all walks of life in many useful ways. The American National is truly "A Bank Built By Customers."

# American National Bank

## North East Office

Located on East North Street and Milwaukee Avenue, our North East Office opened on January 11, 1960.

Housed in modern, spacious quarters, this office brings our customers the convenience of two drive-in windows, a walk-up window, after hour depository and plenty of parking space.

## Western Office

Serving people in western Rapid City is our Western Office in the Baken Park Shopping Center.

These quarters are among the finest — a friendly, inviting place to bank. Here, too, you will find plenty of parking space together with two drive-in windows, a walk-up window and after hour depository.

# American National Bank

## Drive-In and Walk-Up

Completed in 1962 were the new Drive-In and Walk-Up facilities shown above. Located on Seventh Street, across the street from the Main Office, we provide the finest Drive-In and Walk-Up banking services. There are three windows for banking from your automobile and also an enclosed Walk-Up window.

No new service we have provided has had as ready response and acceptance as these facilities. There is no need to dress up. Just load the kids in the car, come down and bank, and you are home again in no time. Business firms also like this service and are large users of this facility, because it saves time.

The Drive-in bank is connected to the main bank with a tunnel and pneumatic tubes. Deposits made here are received at the bank in a matter of seconds through the pneumatic tube system.

For the "Early Birds", the drive-in bank opens at EIGHT in the morning and for the "Nite Owls", we remain open until FIVE-THIRTY in the evening. On Friday we are open until SEVEN-THIRTY in the evening.

Our parking lot is located here and is a convenience our customers enjoy. Here customers have thirty minutes of free parking when transacting business at the bank.

## American National Bank Hot Springs Office

Our first out-of-city banking office was opened October 24, 1960 in Hot Springs. Under young and aggressive management, this office has grown steadily each year to take its place as a business leader in the Hot Springs community.

## American National Bank Bear Butte Valley Office, Sturgis

On June 1, 1962 the Bear Butte Valley Bank merged with the American National Bank. These new banking quarters, completed in August, 1963, introduced drive-in and walk-up banking services to Sturgis.

## **American National Bank Trust Department**

Qualified to serve as  
Executor  
Trustee  
Guardian  
Escrow Agent  
and Administrator

Trust services were introduced to this community in 1952 by the officers and directors of the American National Bank.

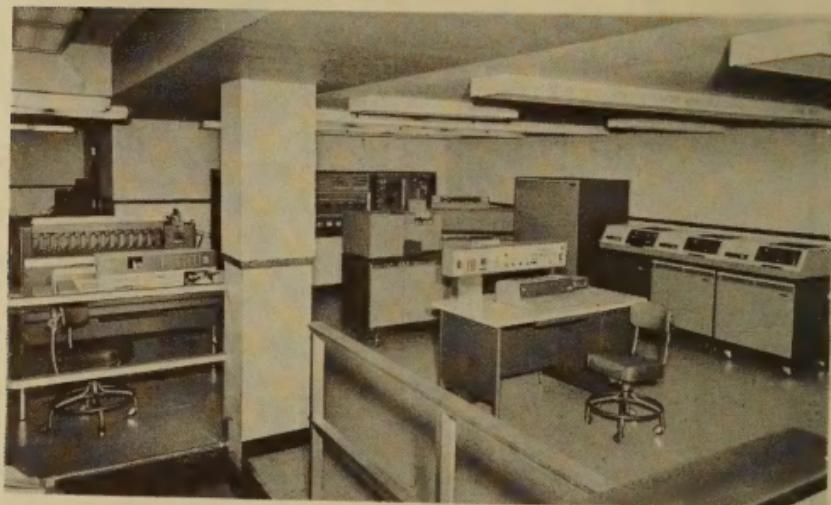

This department has grown rapidly. We have had the opportunity to be the executor of many wills, some of them involving large estates. We are serving as trustees of property, guardians of the property of minors and incompetent persons. We are trustees of a growing volume of profit sharing funds.

In selecting the executor of your will, or a trustee of your property, you want the best. Our trust department is under the guidance and management of William Kilroy, a trust officer of many years experience including that of a trust examiner for the Federal Reserve Bank. He is assisted by David Clift, also a well trained and experienced trust man, with a broad background of business.

The trust department is in a position to give you the best trust services available anywhere. We invite you to come in and visit with our trust officers.

## Computer Department

In January, 1965 after several years of study, the American National became the first bank in South Dakota to install automation equipment.

Our IBM computer is the latest available for bank automation. While aware that many customers are not concerned with the mechanics of bank operations, American National management feels that keeping ahead of changing developments and the increased volume of the future will require continuous progress and investment in the best equipment on the market. This responsibility is another part of our constant effort to render the best in banking service.

The capacity of our computer is so great that we have time available for outside services, and we are doing work for customers such as: accounts receivable accounting, sales analysis, inventory control, payroll accounting, billing, and preparation of mailing lists.

We are always happy to have folks visit our computer department, and if you would like to see this electronic marvel in action, stop in our Main Office. We'll be glad to have you see it.
